

Cuba – Garden of Queens – July 6-13, 2019

Liveaboard - Jardines Aggressor II

We are travelling on an “Oceans For Youth Foundation, People to People Program”

We will fly – direct from Miami on a group booking - to either Santa Clara [or Camaguey] (no Havana, no land based hotels). Then drive 3 hrs to the harbor and board the boat. On return to the airport there is a stop for a free lunch. 5 days of 4 dives a day, 2 dives on Friday. Please see the articles below for what to expect to see, or I have more articles in .pdf format that I can send you on request ...

We got a special DEMA deal with a \$500 discount so far

We do not have a normal payment schedule or procedure – please get special instruction from me before writing checks. Also we are making “personal bookings” with “Oceans for Youth” - cancellation policy as for individuals- hence cancellation insurance might be more important than normal – Provided by Allianz and AG (both European companies). To hold the bookings each diver need to provide a personal check in the amount of \$1560 – by 9/22. Port and Environmental fees - \$290 – you pay directly in the guest registration process
